1. Background/Client

Yunus Environment Hub (YEH) is a global social business network that creates solutions for the environmental crisis. Co-founded by Nobel Peace Prize Laureate Prof. Muhammad Yunus, YEH supports and develops social business solutions that solve environmental problems in a financially self-sustainable way and with high socio-economic impact.

2. Innovate2PREVENT Programme / PREVENT Circular Innovation Contest

Innovate2PREVENT (i2P) is a programme inspires and mobilizes creative minds from around the globe to develop innovative, inclusive and data-driven circular business approaches. It combines an innovation contest with a business acceleration and provides a unique opportunity for innovators, environmentalists, and forward thinkers to showcase and advance their innovative solutions contributing to a circular economy in priority countries of the German Development Cooperation while taking just transition principles into account. The programme is promoted by PREVENT Waste Alliance, with funding from GIZ.

3. Scope and Timing

The consultant is expected to deliver the following outcomes:

1. **One 2-hour sprint workshop** delivered to 15 i2P programme participants: The consultant will facilitate an interactive session for all participants, focusing on best practices, strategies and actionable steps for building effective crowdfunding campaigns.
2. **7 one-on-one tailored working sessions of 2 hours each** with 1 programme participant each: The individual sessions will provide tailored advice, refine campaign strategies, and address specific needs or challenges.
3. **Review the 7 written crowdfunding campaign strategies for selected participants:** Work collaboratively with selected participants to develop actionable and detailed crowdfunding strategies for their innovative solutions.
4. **Optional: Development of Training Manual (8 hours)**

- o A useful output would be a comprehensive training manual that is designed to serve as a practical resource for future similar training sessions held internally. It should include detailed instructions, guidelines and tools or templates that enable YEH to conduct similar training programs effectively and independently. The manual must be clear, structured and user-friendly – ensuring its adaptability and usability across various contexts.

The assignment is to take place between 10th January 2025 and 31st March 2025.

4. Application

Interested parties are requested to submit an offer (including technical and financial proposal as well as relevant qualifications and experience with resumes of key personnel involved) to tenders@yunuseh.com by 25.01.2025. The candidates will be ranked by suitability and economic factors.
